Ref: Emelyanova Polina -Relapse ALL - estimated cost of evaluation and possible treatment before CAR- T therapy

Dear Sir/ Madame, thank you for approaching Schneider Children's Medical Center of Israel. Based on the medical data received, Prof Shai Izraeli, recommends CAR T therapy. There are several treatment options before the therapy -chemotherapy/ immunotherapy for remission achievement. The decision of the treatment protocol will be based on the evaluation findings.

Procedure	Amount	Price for one
Evaluation:		
Consultation by Hemato- Oncologist	1	650 USD
Bone marrow biopsy	1	2880 USD
Central line insertion /exchange (if needed)	1	4800 USD
Basic blood tests for new Leukemia patient	1	800 USD
Revision of biopsy blocks and slides	1	560 USD
Cytogenetics tests (each other)	5-7	1230 USD
Treatment protocol may include:		
Day of chemotherapy in hospitalization	1	2650 USD
Intrathecal Injections	1	2880 USD
Day of hospitalization without chemotherapy (for hydration)	1	1650 USD
Oncology Day care visit without chemotherapy -checkup visit	1	780 USD
Hospitalization day for immunotherapy	1	1650 USD
*The cost of immunotherapy medicines will be calculated separately (if needed)		
Day of hospitalization (if needed for antibiotic treatment or other medical reasons)	1	1650 USD
Day of hospitalization in ICU- <u>if needed</u> (each one from the first 4 days, after the 4 th day the cost is similar to the cost of hospitalization in Pediatric department)	1	3500 USD
Evaluations during all the period of treatment:		
PET CT (if needed)	1	2600 USD
ECHO/US	1	440 USD
MRI	1	2350 USD
CT (if needed)	1	1100 USD
